

INTERNET DOWN AGAIN?

Protect business-critical communication systems such as online orders, phone orders, and *Pulse* transactions from unexpected internet outages with the Arria NuSutus *Select Cellular Backup System*.

Specifically selected for QSR franchisees, our cellular backup router automatically engages the moment an internet outage is detected and seamlessly re-routes your critical business functions.

No service calls required. No downtime. No lost revenue.

INCLUDES

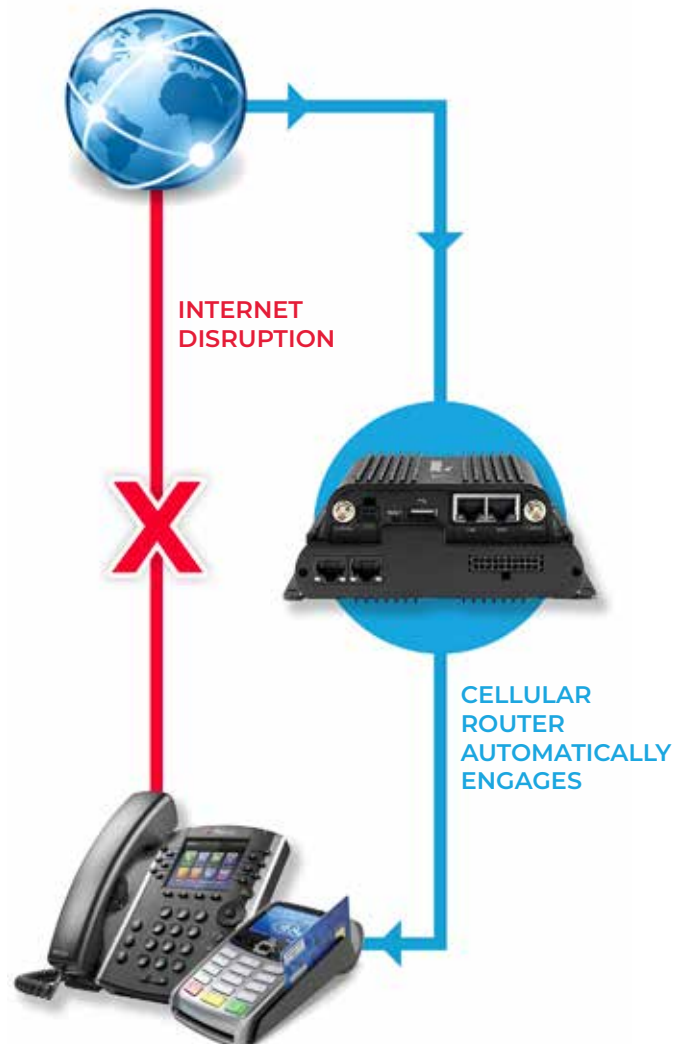

- Cellular backup router
- Automatic interruption detection
- Always-on internet connectivity
- Secure and seamless integration
- Low profile rugged design
- Plug-n-Play with easy installation mounts
- Customer care support

For a few dollars a day, ensure your store is always online and is not disrupted by storms, cut lines and other unforeseen connectivity disruptions.

The *Select Cellular Backup* system is always on helping to ensure you never miss an order.

“The backups worked every time. I’m telling you that you should have this solution protect your business. Thank you to Arria NuSutus for coming up with a solution.”
