

# THE PULSE FRANCHISE OFFICE SYSTEM

AN INTEGRATED NLG AI BACKED TECHNOLOGY SOLUTION  
BUILT IN PARTNERSHIP WITH DOMINO'S FRANCHISEES

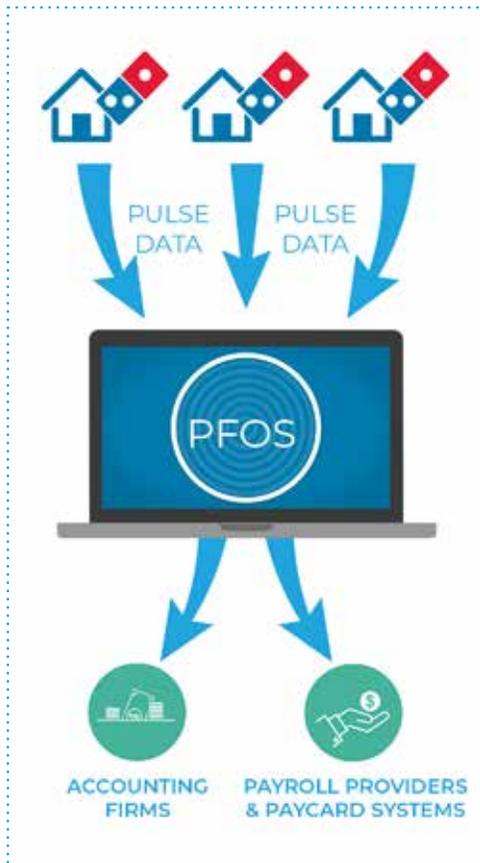

KEEP YOUR FINGER ON THE PULSE

## PULSE FRANCHISE OFFICE SYSTEM (PFOS)

**PFOS is a powerful software suite that allows you to securely access and sync *Pulse* management data from across any number of stores into one central franchisee view or a single control center.**

The easy-to-use reporting dashboard allows you to view store by store reports such as key indicator, inventory, sales, coupons, and payroll reconciliation reports. *PFOS* integrates seamlessly with 3<sup>rd</sup> party software, allowing you to send data to payroll, accounting firms and paycard systems at no extra cost.

### REPORTS IN PFOS:

- ✓ Driver Audits
- ✓ Credit/Debit Reconciliation
- ✓ Deposits
- ✓ Keys/Missing Keys
- ✓ Coupon Response
- ✓ Credit Card Exceptions

**AND MORE**

Save time and money with *PFOS*. It centralizes your *Pulse* data, so you can access reports from one location and it also syncs your employee records and payroll details across your organization.

## PREMIUM UPGRADES

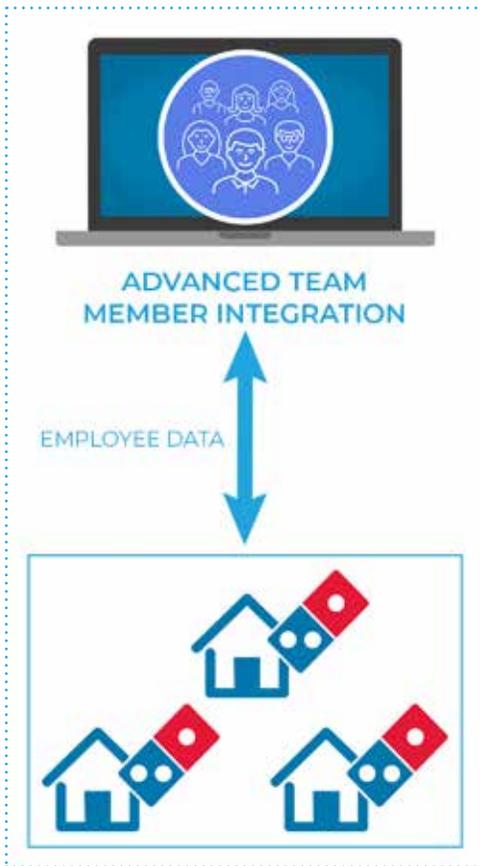

### NEW | ADVANCED TEAM MEMBER INTEGRATION (ATMI)

Enter employee information once and sync your stores

*ATMI* was developed by Team Arria NuSutus in partnership with Domino's franchisees. With *ATMI*, you can enter and update *Pulse* employee information quickly, accurately and securely with one simple entry. This allows you to keep employee records synced across stores so that when you update pay rates, driving records, time/overtime and employee contact information, you only need to do it once, and the information is synced across your entire organization.

### SOFTWARE ENHANCEMENTS

New enhancements and innovations to the *PFOS* experience are continuously being worked on and like *ATMI*, will be included with your *PFOS* subscription.

### GET UP AND RUNNING QUICKLY WITH THE *PFOS* QUICK START PROGRAM

- ✓ Install and configure the software
- ✓ Get training on the system
- ✓ Set up custom reporting
- ✓ Supports 3<sup>rd</sup> party integrations such as paycards and accounting firms

It only takes a few hours to complete the set up process so that all of your stores' data is synced.

## PULSE FRANCHISE OFFICE SYSTEM
